

**HELLO!**

Welcome to The Record Centre's TINY STAGE! We are so honoured to have you come play this little store in the heart of Hintonburg.

### **ABOUT TINY STAGE**

The Record Centre's TINY STAGE is a new online video series pairing in-store performances and intriguing interviews recorded in-store.

We hope to bring to the TINY STAGE, located at the front of The Record Centre, all the wonderful things about music performance and share in the creativity and talent that comes through the door, promoting the artist, their local Ottawa show date, and get to know a bit more about the work of our guests... and maybe help sell some of their own great albums. The format is about 20 min of an interview before or after a 15-30 minute live performance.

### **LOCATION & PARKING**

We are a part of The Record Centre and you'll notice the TINY STAGE as you enter our store.

Address: 1099 Wellington St W, Ottawa, ON K1Y 2Y4

### **RECORDS & ALBUM SALES**

You keep the \$! You can either sell direct to fans before / after your performance and / or you can sell some to the store and we can have them in The Record Centre.

## **ARTIST FEE**

We offer a "Pass The Hat" style artist fee. Our hat actually sits on a stand near the door but that is all provided to you and we encourage our patrons before and after your performance to donate. We find this works really well and people can walk away with a good amount! If it's not so strong we would love to treat you to dinner and give you some cash for a meal or gas either way. We will work it out.
